

Cox Media Group – Richmond mourns the loss of Becky Wentworth.

It is with great sorrow that we announce the passing of Becky Wentworth, a long time radio veteran. Becky started as the Traffic Manager of WKHK K95 nearly 20 years ago and has since helped manage Traffic and Business responsibilities for all four Cox properties in Richmond (WKHK, WKLR, WURV, & WHTI). She even hosted her own NASCAR Racing segment for a few years. Becky was a great friend and colleague to many of us in the business. She was dedicated to her job, often staying late or coming in on weekends to make sure things were done right. Becky was also a huge sports fan who enjoyed talking about her favorite teams...especially the Yankees and Auto Racing.

A Memorial Service will be held at Bliley's Funeral Home (Hull Street near Chippenham Parkway) on Thursday, September 29th at 6pm. The hospital chaplain will be leading the service, and has encouraged attendance of friends from Radio that would like to speak during the service. Becky will be buried in Florida near her family.

Our thoughts and prayers are with her and her family. She will be missed. Anyone looking for more information is welcome to contact the Cox Media Group – Richmond office during normal business hours at 804-330-7500.
