

Walkin To Richmond

April 11-15, 2011

Sponsored by

and the

*Richmond Hospital
Education Program*

Donations are being accepted to assist the Richmond Hospital Education Program during the ***Walkin to Richmond Campaign!*** WXGM radio morning personality Neal Steele will be walking from the Gloucester, Virginia radio station to Children's Hospital in Richmond to support raising monies for the Hospital Education Program.

The Hospital Education Program is a State Operated Program providing direct instruction and educational consultation for children aged 2-21 at the Children's Hospital of Richmond on the Brook Road and MCV Campuses and supported clinics. The program is seeking funds to assist in the continued delivery and enhancement of services to students seen in the VCU Health System and supported clinics. Monies will be used to pay for parking for patients and parents during visits to our offices for testing or consultation, technology in the form of laptop computers and iPads to be given to deserving families, costs associated with trips for students living long-term in any of our supported facilities, and other expenses.

All monies are tax deductible and checks may be made out to the Richmond Hospital Education Program or RHEP.

For further information about the walk or to make a donation, simply call (804) 828-0426.

Be sure to listen in on WXGM 99.1 FM during the walk for updates from the route and information!
