Paul Hayden Celebrates 20 years in Radio at Telemedia Broadcasting, Inc.

On-Air Personality/Producer Paul Hayden has begun his 20th year in Fredericksburg radio at WGRQ/WGRX. Hayden celebrates not only 20 years in radio, but 20 years all at one company - Telemedia Broadcasting, Inc.

In 1995, Hayden entered broadcasting and was hired by Telemedia Broadcasting as a news person and production assistant. Since that time, the Spotsylvania native has been promoted to Production Director and over the last several years has found his niche in the market place as morning producer and traffic report.

“Paul’s unique traffic delivery style is now well-known and loved throughout the area”, said Telemedia General Manager Tom Cooper. He added, “If there is one person that can put a smile on your face while sitting in traffic, it’s Paul”.

The staff at Telemedia Broadcasting is proud and blessed to have Paul Hayden on the team and his work ethic and sense of humor is always appreciated and welcomed.

Paul Hayden resides with his wife Sharon and daughter Brianna in Spotsylvania County.
